## HELD THEIR GROUND

JAPANESE TROOPS MADE A GAL LANT FIGHT AGAINST RUSSIANS AT CHONGJU.

COSSACKS FORCED TO RETIRE

INFLECTED HEAVY LOSS ON JAPANESE, BUT COULD NOT DISLODGE THE ENEMY.

St. Petersburg, March 30.—The emperor has received a dispatch from General Kuropatkin giving a lengthy report from General Mishchenko dated at 10 p. m., March 28, which says that an important engagement took place near the town of Chongju, in which the Russians were defeated, retiring in perfect order.

The Japanese suffered heavily, but the Russian losses are not stated to have been large.

Cavalry and infantry on both sides were engaged. The Russians occupied a commanding position.

The Japanese fought gallantly, but owing to their heavy losses were unable to occupy the position abandoned by the Russians.

The report of General Mishchenko, as transmitted by General Kuropatkin, is as follows:

"For three consecutive days our small outposts attempted to draw the Japanese cavalry into action, but their patrols, after contact was established, retired beyond Chongju, about fifty miles northwest of Pingyang.

Engaged the Japanese.

"Having learned that four squadrons of the enemy were posted five versts beyond Chongju on March 27, six companies marched toward Kasan and on March 28 reached Chongju at 10:30 a. m. As soon as our scouts approached the town the enemy opened fire from behind the wall. Two squadrons promptly dismounted and occupied the heights 600 yards distant. An engagement ensued.

"In the town a company of infantry and a squadron of cavalry were lying in ambush. Our men were reinforced by three companies and attacked the Japanese with a crossfire. Notwithstanding this, and our commanding position, the Japanese gallantly held their ground and it was only after a fierce fight of half an hour's duration that the Japanese hoisted the Red Cross flag at two points.

"Soon after three squadrons of the enemy were seen advancing along the Kasan road at full gallop toward the town, which two squadrons succeeded in entering, while the third fell back in disorder under repeated volleys from our troops. A number of men and horses were seen to fall.

"For an hour afterward our companies continued to fire on the Japanese in the town, preventing them from leaving the streets and houses.

Russians Forced to Retreat.

"An hour and a half after the beginning of the engagement four companies were seen on the Kasan road, hastening to attack. I gave the order to mount, and the entire force, with a covering squadron, advanced in perfect order and formed in line behind the hill. The wounded were placed in front and the retirement was carried out with the deliberation of a parade.

"The Japanese squadron, which was thrown into disorder, was evidently unable to occupy the hill which we had just evacuated, and their infantry arrived too late.

"The detachment protecting our rear guard arrived quietly at Kasan, where we halted for two hours in order to give attention to our wounded. At 9 p. m. our force reached Noosan.

"It is supposed that the Japanese had heavy losses in men and horses. On our side, unfortunately, three officers were seriously wounded—Stepenoff and Androko in the chest, and Vaselevitch in the stomach. Schilnikoff was less seriously wounded in the arm, but did not leave the field. Three Cossacks were killed and twelve were wounded, including five seriously.

This skirmish will have the effect of encouraging the Russians to retard as much as possible the advance of the Japanese army.

A Japanese account of the fight gives their loss as one officer and one sergeant killed and two officers and ten privates wounded.

SOUTHERN MANCHURIA QUIET.

But the Cossacks Kill a Few Chinese to Keep It So.

Liaoyang, March 30.—Southern Manchuria is reported to be quiet.

There is an enormous movement of troops in progress and trains are arriving several times daily.

General Linvitch has received a telegram from General Kuropatkin expressing satisfaction that so well trained a soldier is with the army, adding: "May God help you to carry out the most difficult part of the problem. I will be very happy if I find on my arrival that you will remain with the army, which so firmly believes in you, until the greatest danger is past."

In the rear of Hideo, fifty Cossacks encountered a strong band of Chinese bandits, and charged upon them, killing twenty-eight and capturing six. Three Cossacks were killed and six wounded.

## REPORT OF ADMIRAL TOGO.

Japanese Commander Describes Operations Around Port Arthur.

Washington, March 30.—The Japanese legation has received from Tokio the following official report made by Admiral Togo respecting the second attempt to "bottle up" the Port Arthur squadron:

About 3:30 a. m. on March 27 the "bottling up squadron," composed of four ships, escorted by a torpedo boat destroyer flotilla and torpedo boat flotilla, reached the outside of Port Arthur and without minding the searchlights of the enemy, steered straight toward the entrance of the harbor. At about two marine leagues from the entrance the "bottling up squadron" was discovered by the enemy. Thereupon the shore batteries and guardships showered hot fires upon the squadron, but, in spite of the terrific fire, the ships made their way into the inner roadstead, one after the other.

The steamer Chiyo Maru anchored at a position about a half cable from the Golden Hill, blew up itself and sank. The Fukui passed a little ahead of the Chiyo Maru by its left side and at the moment she was lowering anchor was shot by a torpedo from the enemy's destroyers, and sunk in that position. The Hachi Hiko Maru anchored to the left of Fukui Maru and blew up itself and sank. The Yoneyama Maru, colliding with the stern of one of the enemy's torpedo boat destroyers, passed between Chiyo Maru and Fukui Maru and anchored in the middle of the roadstead. At this moment the ship was shot by a torpedo from the enemy and consequently by reason of that torpedo, she was carried toward the left side shore and sunk sideways.

Regrets Failure of Attempt.

The result of the action being as above described, there is some space left between Hachi Hiko and Yoneyama Maru. It is a matter of regret that the roadstead could not be completely closed up. The casualties were as follows:

Killed—Commander Hirasaka Takeo, one under officer and two sailors. Seriously wounded—Sub Lieutenant Shimada.

Slightly wounded—Lieutenant Masaki, Engineer Kurita and six sailors. The remainder were safely taken in by our torpedo boat destroyer flotilla and torpedo boat flotilla.

Of the torpedo boat flotilla, the Oadaka and Tsubame, while escorting the "bottling up squadron," and at about one mile from the entrance of Port Arthur, engaged in a fight with one destroyer of the enemy, and inflicted serious damage on her. The enemy's ship retreated, raising an enormous column of steam as if her boiler was broken.

When all the members of the "bottling up squadron" had been taken in our boats withdrew to the outside of the harbor. A ship which appeared like one of the enemy's was seen at the foot of Golden Hill utterly incapable of action.

Although both our destroyer flotilla and torpedo boat flotilla were subjected to terrific firing from the enemy until the dawn not the slightest damage was done to any of the boats.

## MOVE ON YALU RIVER

JAPANESE ADVANCE AND A CONFLICT BETWEEN OPPOSING ARMIES IS IMMINENT.

St. Petersburg, March 30.—A correspondent of the Novosti at Liaoyang, under Tuesday's date, reports that the Japanese have moved on the Yalu river and that a conflict between them and the Russians is expected about April 2.

JAPANESE IN KOREA.

Main Army Concentrated at Pakchen and Anju.

London, March 30.—No Japanese report of the land operations in Korea has yet been received here, and there is much speculation as to the size of the opposing armies regarding which there is no reliable information.

A correspondent at Russian headquarters in Mukden telegraphs that according to reports received there about 10,000 Japanese have crossed the river at Chinchang and 5,000 have advanced north from Chongju.

The Chronicle's Shanghai correspondent asserts that practically the whole Japanese army in Korea, consisting of 100,000 men, is concentrated at Pakchen and Anju, only small detachments being left in Southern Korea to maintain communication.

A St. Petersburg special says that a Russian division of 25,000 men from Southern Ussuri is advancing in two columns through Korea. The main column, coming along the east coast road, reached Pyokhang, 180 miles from the Tumen river, and the flanking column, consisting of Cossacks and mountain artillery, coming along the valley of the Tumen towards its source, has reached the shore of Lake Tadjil. This column reports that the Japanese are advancing north from Gensan and that their advance guard is encamped at Chongju.

REFORMS NOT IMMINENT.

Korean Officials Will Continue to Hold Their Positions.

Seoul, March 30.—Many Korean officials who were formerly implicated in pro-Russian movements and who remained in hiding during the recent stay here of Marquis Ito are reported now to be reappearing. They are confined and have been assured that drastic reforms are not imminent.

## MOB STORMS A JAIL

MAKES A DESPERATE ATTEMPT TO LYNCH A BRAKEMAN AT LANESBORO, MINN.

REPULSED BY ARMED GUARD

PRISONER REMOVED TO COUNTY SEAT IN ORDER TO AVOID FURTHER TROUBLE.

Milwaukee, March 30.—A special to the Sentinel from La Crosse, Wis., says:

As the result of an alleged assault by Charles Powers, a Milwaukee railroad brakeman, upon Inez Drake, aged ten years, at Lanesboro, Fillmore county, Minnesota, a mob of 200 infuriated citizens stormed the village jail in an attempt to drag forth and lynch the prisoner.

The mob was repulsed by Marshal Garrison and a band of armed deputies.

While the girl's parents were at the home of Powers the prisoner, it is alleged, coaxed the child outside. The town was wild with excitement within a few minutes. Marshal Garrison and his deputies went to the house and placed Powers under arrest.

Before they could reach the jail the officers were attacked by fifty men, but succeeded in landing their prisoner behind the bars at the point of revolvers. The mob, rapidly growing larger, stormed the jail, but was repulsed.

A detail then cut down the village school bell rope from which a noose was formed and axes and battering irons were taken from a hardware store, which was broken open.

The mob, grown to a crowd of 200, made another furious attack on the jail, but was again repulsed, several shots being fired by the defenders, intended to frighten the leaders. More attacks were made, but all were repulsed by the officers.

Powers had a preliminary hearing in jail and was bound over to the circuit court without bail by Justice Sackett.

To avoid possibility of further trouble, Powers was sent to Preston, the Fillmore county seat, late last night. There was no demonstration on his arrival there.

The girl is reported to be in a dying condition.

SHEVLIN DENIES CHARGES.

Minneapolis Millionaire Replies to Allegations of His Brother.

Minneapolis, March 30.—Thomas H. Shevlin, millionaire lumberman and national committeeman for Minnesota, has made answer to the charges of his brother, Edwin C. Shevlin, in his suit for the recovery of \$250,000 alleged to have been fraudulently obtained while the brothers were in business together.

Mr. Shevlin asserts that all of his brother's allegations touching fraud in connection with lumber deals are false and erroneous. Not only are the material allegations of Edwin denied in toto, but it is emphatically set forth that the complaining brother has been helped to the extent of thousands of dollars, and in every way treated with brotherly love and consideration.

FAST FREIGHT WRECKED.

Engineer Killed and Two Other Trainmen Fatally Injured.

Milwaukee, March 30.—A special to the Sentinel from Ashland, Wis., says: Engineer Edward Thompson was killed and Fireman Thompson and Brakeman White were fatally injured in the wrecking of Hannon's train, a fast freight on the Milwaukee road, by unknown persons between Spooner and Eau Claire Tuesday.

The train ran into an open switch at Ferns, ten miles south of Spooner, eighteen cars and the engine being derailed. Wreckage was strewn along the track for several rods, delaying traffic on the main line four hours.

The railroad authorities claim the switch was thrown open intentionally.

FOUR MEN DROWNED.

Boats Capsize While Occupants Shoot Ducks.

Chicago, March 30.—Four men were drowned Tuesday in Lake Calumet by the capsizing of their boats, while hunting ducks. The dead are Tunis Slingerland, Abraham Slingerland, Peter Piersma and John Brandt.

A very high wind was blowing over the lake and the water was very rough. The men were seen from the shore to rise in their boats and fire at a large flock of ducks that passed over them. Just as they fired their boats went over and all four men were thrown into the water and drowned.

Russians Fired First Shot.

St. Petersburg, March 30.—According to a letter received from an officer of the Russian gunboat Korietz, which was destroyed by the Japanese at Chemulpo, his ship technically fired the first shot of war, but this shot was not fired until after the Japanese had fired three torpedoes in an effort to sink the Korietz.

Four Jap Workmen Killed.

Paris, March 30.—The Matin's Tokio correspondent says that a cartridge factory at Sasebo, Japan, was blown up Sunday last and that four workmen were killed.

BURTON N. HARRISON DEAD.

Former Secretary of Jefferson Davis Dies in Washington.

Washington, March 30.—Burton N. Harrison, a lawyer of New York and husband of Mrs. Burton Harrison, the authoress, and father of Congressman Harrison of New York city, died Tuesday night, aged sixty-five. Death resulted from a general breakdown.

Mr. Harrison was born in New Orleans. During the war he was private secretary to Jefferson Davis, president of the Southern Confederacy, and shared in the capture of Mr. Davis. Mr. Harrison was imprisoned in Washington and finally sent to Fort Delaware, where he remained in solitary confinement until his release in 1866. Mr. Harrison was a prominent club man in New York; was secretary to Mayor Wickham, and was largely instrumental in the prosecution of the Tweed ring.

MAY SHUT DOWN MINES.

Operators and Miners of Iowa Fail to Reach an Agreement.

Des Moines, Ia., March 30.—The joint meeting of the miners and operators held Tuesday resulted in no agreement as to the wage schedule in Districts No. 1 and 4. The operators have agreed to abide by the Indianapolis agreement in all cases and the miners refuse so far as the two districts are concerned. It is likely that the operators will shut down their mines until more satisfactory arrangements can be made.

Will Meet at Hibbing, Minn.

Duluth, March 30.—The annual meeting of the Finnish Temperance Brotherhood of America will be held in Hibbing, Minn., July 29 to Aug. 1. Three thousand delegates from all parts of the United States are expected to be in attendance and the body will be addressed by several prominent men, including Congressman J. Adam Bode.

Working on Murder Theory.

Montrose, Ia., March 30.—The police are now working on the theory that C. Lemoe and wife, the aged couple burned to death here, were murdered by a stranger. Each had a bullet hole in the head.

Mitchell May Run Colorado Strike.

Denver, March 30.—John Mitchell, president of the United Mine Workers of America, will be in Denver on or before April 13 and it is expected that he will take personal charge of the strike of the coal miners in the state.

DEBATE CLOSED EARLY.

Sundry Civil Bill Fails to Arouse Orators of the House.

Washington, March 30.—For the want of speakers, general debate on the sundry civil appropriation bill in the house Tuesday was closed several hours before the time agreed on and the bill was read for amendment. Seventy-five pages were disposed of, the only important amendment adopted being one providing for an initial appropriation of \$500,000 for the completion of the Capitol building according to the original design.

Mr. Campbell of Kansas and Mr. Williams of Illinois were the principal speakers, the former defending the protective tariff policy of the Republican party and the latter denouncing the Republicans for failure to investigate the postoffice department. Mr. Williams said that the scandal in that department will become an important issue in the coming campaign. He resigned President Roosevelt and Attorney General Knox regarding the trusts. Before he came into office, the president, he said, was recognized as a "trust buster," but since then all his indictments against the trusts were at once turned into apologies. He said the president was a "harmless agitator" and declared him to be an unsafe man.

REMAINS UNACTED UPON.

Bill for New Building in Washington Debated in Senate.

Washington, March 30.—The bill authorizing the erection of an additional executive department building in Washington Tuesday was again the subject of spirited debate in the senate and after several hours' debate it remains unacted upon. Senators divided largely on the question of location, but there also was talk as to the necessity of better office accommodations for the senate and the supreme court.

During the day there was renewed effort to pass the bill prohibiting the misbranding of salmon, but owing to the opposition of senators who hold that the bill is calculated to interfere with the rights of individual states under the guise of an effort to control interstate commerce, a vote was not reached.

After two days' consideration of the postoffice appropriation bill the senate committee reported it Tuesday and it will be taken up in the senate today.

SOUTHERN MANCHURIA QUIET.

But the Cossacks Kill a Few Chinese to Keep It So.

Liaoyang, March 30.—Southern Manchuria is reported to be quiet. There is an enormous movement of troops in progress and trains are arriving several times daily.

General Linevitch has received a telegram from General Kuropatkin expressing satisfaction that so well trained a soldier is with the army, adding: "May God help you to carry out the most difficult part of the problem. In the rear of Bidzevo, fifty Cossacks encountered a strong band of Chinese bandits and charged upon them, killing twenty-eight and capturing six. Three Cossacks were killed and six wounded.

## REPORT OF ADMIRAL TOGO.

Japanese Commander Describes Operations Around Port Arthur.

Washington, March 30.—The Japanese legation has received from Tokyo the following official report made by Admiral Togo respecting the second attempt to "bottle up" the Port Arthur squadron:

About 3:30 a. m. on March 27 the "bottling up squadron," composed of four ships, escorted by a torpedo boat destroyer flotilla and torpedo boat flotilla, reached the outside of Port Arthur and without minding the searchlights of the enemy, steered straight toward the entrance of the harbor. At about two marine leagues from the entrance the "bottling up squadron" was discovered by the enemy. Thereupon the shore batteries and guardships showered hot fires upon the squadron, but, in spite of the terrific fire, the ships made their way into the inner roadstead, one after the other.

The steamer Chiyo Maru anchored at a position about a half cable from the Golden Hill, blew up itself and sunk. The Fukui passed a little ahead of the Chiyo Maru by its left side and at the moment she was lowering anchor was shot by a torpedo from the enemy's destroyers, and sunk in that position. The Hachi Hiko Maru anchored to the left of Fukui Maru and blew up itself and sunk. The Yoneyama Maru, colliding with the stern of one of the enemy's torpedo boat destroyers, passed between Chiyo Maru and Fukui Maru and anchored in the middle of the roadstead. At this moment the ship was shot by a torpedo from the enemy and consequently by reason of that torpedo, she was carried toward the left side shore and sunk sideways.

Regrets Failure of Attempt.

The result of the action being as above described, there is some space left between Hachi Hiko and Yoneyama Maru. It is a matter of regret that the roadstead could not be completely closed up. The casualties were as follows:

Killed—Commander Hirase Takeo, one under officer and two sailors. Seriously wounded—Sub Lieutenant Shimada.

Slightly wounded—Lieutenant Masaki, Engineer Kurita and six sailors. The remainder were safely taken in by our torpedo boat destroyer flotilla and torpedo boat flotilla.

Of the torpedo boat flotilla, the Oadaka and Tsuame, while escorting the "bottling up squadron," and at about one mile from the entrance of Port Arthur, engaged in a fight with one destroyer of the enemy, and inflicted serious damage on her. The enemy's ship retreated, raising an enormous column of steam as if her boiler was broken.

When all the members of the "bottling up squadron" had been taken in our boats withdrew to the outside of the harbor. A ship which appeared like one of the enemy's was seen at the foot of Golden Hill utterly incapable of action.

Although both our destroyer flotilla and torpedo boat flotilla were subjected to terrific firing from the enemy until the dawn not the slightest damage was done to any of the boats.

## MOVE ON YALU RIVER

JAPANESE ADVANCE AND A CONFLICT BETWEEN OPPOSING ARMIES IS IMMINENT.

St. Petersburg, March 30.—A correspondent of the Novosti at Liaoyang, under Tuesday's date, reports that the Japanese have moved on the Yalu river and that a conflict between them and the Russians is expected about April 2.

JAPANESE IN KOREA.

Main Army Concentrated at Pakchen and Anju.

London, March 30.—No Japanese report of the land operations in Korea has yet been received here, and there is much speculation as to the size of the opposing armies regarding which there is no reliable information.

A correspondent at Russian headquarters in Mukden telegraphs that according to reports received there about 10,000 Japanese have crossed the river at Chinchang and 5,000 have advanced north from Chongju.

The Chronicle's Shanghai correspondent asserts that practically the whole Japanese army in Korea, consisting of 100,000 men, is concentrated at Pakchen and Anju, only small detachments being left in Southern Korea to maintain communication.

A St. Petersburg special says that a Russian division of 25,000 men from Southern Usuri is advancing in two columns through Korea. The main column, coming along the east coast road, reached Pukchang, 180 miles from the Tumen river, and the flanking column, consisting of Cossacks and mountain artillery, coming along the valley of the Tumen towards its source, has reached the shore of Lake Tadjil. This column reports that the Japanese are advancing north from Genzan and that their advance guard is encamped at Chongjing.

REFORMS NOT IMMINENT.

Korean Officials Will Continue to Hold Their Positions.

Seoul, March 30.—Many Korean officials who were formerly implicated in pro-Russian movements and who remained in hiding during the recent stay here of Marquis Ito are reported now to be reappearing. They are confined and have been assured that drastic reforms for the purging of Korean officials are not imminent.

## MOB STORMS A JAIL

MAKES A DESPERATE ATTEMPT TO LYNCH A BRAKEMAN AT LANESBORO, MINN.

REPULSED BY ARMED GUARD

PRISONER REMOVED TO COUNTY SEAT IN ORDER TO AVOID FURTHER TROUBLE.

Milwaukee, March 30.—A special to the Sentinel from La Crosse, Wis., says:

As the result of an alleged assault by Charles Powers, a Milwaukee railroad brakeman, upon Inez Drake, aged ten years, at Lanesboro, Fillmore county, Minnesota, a mob of 200 infuriated citizens stormed the village jail in an attempt to drag forth and lynch the prisoner.

The mob was repulsed by Marshal Garrigan and a band of armed deputies.

While the girl's parents were at the home of Powers the prisoner, it is alleged, coaxed the child outside. The town was wild with excitement within a few minutes. Marshal Garrigan and his deputies went to the house and placed Powers under arrest.

Before they could reach the jail the officers were attacked by fifty men, but succeeded in landing their prisoner behind the bars at the point of revolvers. The mob, rapidly growing larger, stormed the jail, but was repulsed.

A detail then cut down the village school bell rope from which a noose was formed and axes and battering irons were taken from a hardware store, which was broken open.

The mob, grown to a crowd of 200, made another furious attack on the jail, but was again repulsed, several shots being fired by the defenders, it tended to frighten the leaders. More attacks were made, but all were repulsed by the officers.

Powers had a preliminary hearing in jail and was bound over to the circuit court without bail by Justice Sackett.

To avoid possibility of further trouble, Powers was sent to Preston, the Fillmore county seat, late last night. There was no demonstration on his arrival there.

The girl is reported to be in a dying condition.

SHEVLIN DENIES CHARGES.

Minneapolis Millionaire Replies to Allegations of His Brother.

Minneapolis, March 30.—Thomas H. Shevlin, millionaire lumberman and national committeeman for Minnesota, has made answer to the charges of his brother, Edwin C. Shevlin, in his suit for the recovery of \$350,000 alleged to have been fraudulently obtained while the brothers were in business together.

Mr. Shevlin asserts that all of his brother's allegations touching fraud in connection with lumber deals are false and erroneous. Not only are the material allegations of Edwin denied in toto, but it is emphatically set forth that the complaining brother has been helped to the extent of thousands of dollars, and in every way treated with brotherly love and consideration.

FAST FREIGHT WRECKED.

Engineer Killed and Two Other Trainmen Fatally Injured.

Milwaukee, March 30.—A special to the Sentinel from Ashland, Wis., says: Engineer Edward Hannon was killed and Fireman Thompson and Brakeman White were fatally injured in the wrecking of Hannon's train, a fast freight on the Milwaukee road, by unknown persons between Spooner and Eau Claire Tuesday.

The train ran into an open switch at Feron, ten miles south of Spooner, eighteen cars and the engine being derailed. Wreckage was strewn along the track for several rods, delaying traffic on the main line four hours.

The railroad authorities claim the switch was thrown open intentionally.

FOUR MEN DROWNED.

Boats Capsize While Occupants Shoot Ducks.

Chicago, March 30.—Four men were drowned Tuesday in Lake Calumet by the capsizing of their boats, while hunting ducks. The dead are Tunis Slingerland, Abraham Slingerland, Peter Piersa and John Brandt.

A very high wind was blowing over the lake and the water was very rough. The men were seen from the shore to rise in their boats and fire at a large flock of ducks that passed over them. Just as they fired their boats went over and all four men were thrown into the water and drowned.

Russians Fired First Shot.

St. Petersburg, March 30.—According to a letter received from an officer of the Russian gunboat Korietz, which was destroyed by the Japanese at Chemulpo, his ship technically fired the first shot of war, but this shot was not fired until after the Japanese had fired three torpedoes in an effort to sink the Korietz.

Four Jap Workmen Killed.

Paris, March 30.—The Matin's Tokyo correspondent says that a cartridge factory at Sasebo, Japan, was blown up Sunday last and that four workmen were killed.

## BURTON N. HARRISON DEAD.

Former Secretary of Jefferson Davis Dies in Washington.

Washington, March 30.—Burton N. Harrison, a lawyer of New York and husband of Mrs. Burton Harrison, the authoress, and father of Congressman Harrison of New York city, died Tuesday night, aged sixty-five. Death resulted from a general breakdown.

Mr. Harrison was born in New Orleans. During the war he was private secretary to Jefferson Davis, president of the Southern Confederacy, and shared in the capture of Mr. Davis. Mr. Harrison was imprisoned in Washington and finally sent to Fort Delaware, where he remained in solitary confinement until his release in 1865.

Mr. Harrison was a prominent club man in New York; was secretary to Mayor Wickham, and was largely instrumental in the prosecution of the Tweed ring.

MAY SHUT DOWN MINES.

Operators and Miners of Iowa Fail to Reach an Agreement.

Des Moines, Ia., March 30.—The joint meeting of the miners and operators held Tuesday resulted in no agreement as to the wage schedule in Districts No. 1 and 4. The operators have agreed to abide by the Indianapolis agreement in all cases and the miners refuse so far as the two districts are concerned. It is likely that the operators will shut down their mines until more satisfactory arrangements can be made.

Will Meet at Hibbing, Minn.

Duluth, March 30.—The annual meeting of the Finnish Temperance Brotherhood of America will be held in Hibbing, Minn., July 29 to Aug. 1. Three thousand delegates from all parts of the United States are expected to be in attendance and the body will be addressed by several prominent men, including Congressman J. Adam Bede.

Working on Murder Theory.

Montrose, Ia., March 30.—The police are now working on the theory that C. Lemlee and wife, the aged couple burned to death here, were murdered by a stranger. Each had a bullet hole in the head.

Mitchell May Run Colorado Strike.

Denver, March 30.—John Mitchell, president of the United Mine Workers of America, will be in Denver on or before April 18 and it is expected that he will take personal charge of the strike of the coal miners in the state.

## DEBATE CLOSED EARLY.

Sundry Civil Bill Fails to Arouse Orators of the House.

Washington, March 30.—For the want of speakers, general debate on the sundry civil appropriation bill in the house Tuesday was closed several hours before the time agreed on and the bill was read for amendment. Seventy-five pages were disposed of, the only important amendment adopted being one providing for an initial appropriation of \$500,000 for the completion of the Capitol building according to the original design.

Mr. Campbell of Kansas and Mr. Williams of Illinois were the principal speakers, the former defending the protective tariff policy of the Republican party and the latter denouncing the Republicans for failure to investigate the postoffice department. Mr. Williams said that the scandal in that department will become an important issue in the coming campaign. He arraigned President Roosevelt and Attorney General Knox regarding the trusts. Before he came into office, the president, he said, was recognized as a "trust buster," but since then all his indictments against the trusts were once turned into apologies. He said the president was a "harmless agitator" and declared him to be an unsafe man.

REMAINS UNACTED UPON.

Bill for New Building in Washington Debated in Senate.

Washington, March 30.—The bill authorizing the erection of an additional executive department building in Washington Tuesday was again the subject of spirited debate in the senate and after several hours' debate it remains unacted upon. Senators divided largely on the question of location, but there also was talk as to the necessity of better office accommodations for the senate and the supreme court.

During the day there was renewed effort to pass the bill prohibiting the misbranding of salmon, but owing to the opposition of senators who hold that the bill is calculated to interfere with the rights of individual states under the guise of an effort to control interstate commerce, a vote was not reached.

After two days' consideration of the postoffice appropriation bill the senate committee reported it Tuesday and it will be taken up in the senate today.

### HELPS RETAIL TRADE.

Better Weather Responsible for Activity in Wholesale Business.

New York, March 2.—Bradstreet's weekly review of trade says better weather has helped retail trade, thereby strengthening the tone of wholesale and jobbing business, hitherto rather pessimistic because of backward spring demand. Distribution as a whole, however, is not up to a year ago. Additional favorable features are the unquestionably better winter wheat conditions, due to general rains throughout the Southwest, and evidence of further activity and strength in the iron and steel trades. Weather conditions also have allowed of increased outdoor activity, notably in building, but signs of increased tension in labor matters constitute a drawback at several large centers. Country roads are bad and collections are a source of complaint. Railway earnings tend to improve. The averting of the strike in the bituminous coal industry is a strengthening feature to general business throughout the West, but prices, which had advanced on the fear of a conflict, still show considerable steadiness. Spring goods in nearly all lines are in better request at nearly all Northern centers.

### EMPEROR WILLIAM ILL.

Recrudescence of His Throat Trouble Occurs.

Paris, March 30.—According to the London correspondent of the Matin a dispatch was received from Berlin during the night, coming from a high quarter, which says that alarming news has been received concerning the health of Emperor William, owing to a recrudescence of the throat trouble for which the emperor was operated upon last year.

A WELL ESTABLISHED BUSINESS  
H. W. Linneman Contemplates  
Going West to Engage  
in Business.

It will be surprising news to many  
Brainerd people to learn that the firm  
of Linneman & Carlson, one of the lead-  
ing clothing firms of the city, today dis-  
solved partnership.  
H. W. Linneman, the senior member  
of the firm, has sold out to John Carl-  
son, his partner, and the latter will con-  
duct the business alone in the future.  
The firm was organized March 18,  
three years ago, when they bought out  
J. F. McGinnis & Co., which firm trans-  
acted business at the corner of Seventh  
and Front streets for many years. Mr.  
Linneman, before going into the cloth-  
ing business, was connected with the  
Northern Pacific bank. Mr. Carlson  
was with E. M. Westfall in the clothing  
business. When they started in busi-  
ness it was evident that they would  
succeed, as it was considered on every  
hand that the combination was one of  
the best in the city. Both have been  
very popular and have done a very  
flourishing business almost from the  
start.  
Mr. Carlson is sure to continue the  
business in the same trend, as he has a  
large circle of friends.  
Mr. Linneman expects to go west to  
engage in business, where he says he has  
several good openings. The best wishes  
of all will go with Mr. Linneman where-  
ver he locates.  
  
Notice to Water Consumers.  
Water rates for the second quarter,  
1904, are due April 1, 1904, and are pay-  
able at the company's office in the  
Columbian block. A discount of 10 per  
cent will be allowed consumers occu-  
pied houses used for residence pur-  
poses only, and having seven rooms or  
less, providing the rates are paid on or  
before April 23, 1904. The water will  
be shut off from all delinquent con-  
sumers after April 23, 1904.

**THE BORG CASE ON**  
The Case of the State Against Oscar Borg,  
Charged With Bastardy, Taken Up  
This Morning.  
This morning at 10 o'clock the case of  
the state against Oscar Borg was taken  
up in municipal court and it consumed  
most of the time of the court all day.  
The charge against Borg is bastardy  
and the complainant is Miss Hattie  
Graber. Both parties live in Oak Lawn  
township and are well known, Borg be-  
ing one of the most prosperous farmers  
of that section.  
The facts in the case seem to be that  
the Graber girl, whose parents live but  
a short distance from the Borg home,  
went to work for Borg about a year ago,  
and stayed at his place off and on nearly  
all summer. Now she brings the charge  
as above stated.  
It is intimated by some that the crime  
has been attached to Borg because he  
has money. Attorney A. T. Larson has  
been retained by Borg and County At-  
torney Crane is looking after the county's  
interest.

**HOHMAN'S EMPORIUM**  
Is One of the Finest Confectionery and  
Candy Stores in the Northern Part  
of the State Today.  
There is one change for the better since  
the recent big conflagration and that is  
in the beautiful store of Louis Hohman  
on Fifth street.  
Mr. Hohman was the first to secure a  
location after the fire and he rented the  
big Eene-Nevers store room on Sixth  
street. Brand new fixtures have been  
secured and everything has been painted  
an immaculate white so that at night  
especially the effect is very pleasing.  
Mr. Hohman has stocked up on all kinds  
of candies, confectionery, bonbons, etc.,  
and the line carried is the most com-  
plete in the city. He has added a new  
line of cigars and his trade in this line  
has increased already fifty per cent.  
Mr. Hohman expects to put in a  
beautiful large soda fountain and this  
will still add beauty to the place. He  
will engage in the manufacture of ices  
this summer on a larger scale than ever,  
because he has more room now. The  
re-erect of this store gives him ample  
space for his factory.  
Mr. Hohman is a very popular and  
thorough of his friends in the city is  
that he will get his full measure of  
business.  
It prevents more pain, relieves more suffer-  
ing, prevents more heart aches and dis-  
eases than any other remedy. That's

**SAND IS WASHING OUT**  
The Much Talked of Sand in Big General  
Sewer is Washing Out of its  
Own Accord.  
It has been discovered since the thaw  
that there is very little sand left in the  
big general sewer and that it is now be-  
ing washed away by the force of the  
water and goes clear through to the  
river. This will be good news to the  
city council and to Contractor Wright  
as well.  
Mr. Wright states that during the  
winter some boys put some branches in  
an old manhole which had been left  
open and this hindered the sand from  
washing away some, but as soon as the  
obstructions were removed the sand be-  
gan to dissolve and flow down the sewer.  
  
**OPENED UP AGAIN.**

**Heavy Snow Storms Hampered Railroad  
Business to a Considerable Extent**  
The Past Month.  
The Northern Pacific, Great North-  
ern and Soo lines are open again after  
several days of inaction resulting from  
the heavy snowstorms in North Da-  
kota and westward, says the Minneap-  
olis Journal. Trains have been con-  
solidated, and the extra equipment has  
been sent west from the points where it  
was stranded to make up for the short-  
age. Estimates of expenses prepared  
last July for the year are far overrun.  
The last three months have cost more  
to operate railroads than for any period  
in several years past. In February  
there was a steady drain on the treasur-  
ies, March making a good record, and  
the heavy snowfall promises a great  
flood season for April. The constant  
cold made the fuel bills very large. The  
expense has been from 18 to 20 per  
cent heavier than the estimate. Until  
the storm last week, 62 inches of snow  
was reported from Winnipeg. This in-  
terests the Red River valley lines. The  
The coast lines are worrying over what  
will happen when the heavy Cascade  
mountain snows melt.

**HOPES FOR SANGER**  
Report Comes from Walker today That  
He is Feeling Quite well and Unless  
Complications Arise will Get Well  
Richard Sanger, of Brainerd, who was  
assaulted with an ax in one of the Cross  
Lake Logging company camps a few  
days ago by a man by the name of Nick  
Hill, account of which was given in  
yesterday's DISPATCH, is getting better  
and it is now thought that unless  
complications arise he will recover.  
Sanger is still in the hospital at  
Walker and report came from there this  
morning that he was getting along  
nicely.  
Hill hit Sanger with the sharp edge  
of the ax on the left shoulder blade and  
it is reported that about two inches of  
the blade was cut off. A deep gash  
just below the shoulder blade opened a  
large cavity clear through the flesh so  
that when the man breathed it is said  
the air could be felt coming from the  
wound. It was a terrible wound and if  
Mr. Sanger does recover it will be high  
on to a miracle.

**SOMETHING OF A PUGILIST**  
Lumberjacks Said to be Giving No End of  
Trouble to Conductors and Brakemen  
on Their Return from Woods  
Passenger crews of Northern Minne-  
sota trains are having the usual trou-  
ble in handling unruly "lumberjacks."  
Several encounters between the men  
just coming out of the woods and con-  
ductors and brakemen of trains have  
been reported, says the St. Paul Globe.  
The men, who have spent a long win-  
ter in the pineries, are like a lot of  
mischievous boys, but to their natural  
bent for fun is often added the fic-  
tious energy of poor whisky, and not  
infrequently they try to "run" the  
trains. With conductors charged with  
the responsibility of train management  
and the protection of peaceable pas-  
sengers, they occasionally clash, and there  
have been a number of rough and  
tumultuous encounters.  
One conductor on a Minnesota & In-  
ternational train, in Northern Minne-  
sota, demonstrated to a crowd of in-  
toxicated woodsmen that he is something  
of a pugilist one day last week, and  
there have been several instances on  
other lines of railroad where there have  
been pitched battles between the train  
crews and the men from the pineries.  
Traveling alone or in two or three, the  
lumberjacks are peaceful enough, but  
often there are thirty or forty of the  
men, with a dozen flasks of squirrel  
whisky, and then trouble is almost un-  
avoidable.  
Now is the time to clean house—clean  
your system first, drive out the microbes  
of winter with Hollister's Rocky Mountain  
Tea. It will keep you well all sum-  
mer. 35 cents. Tea or tablet form.

**MUSIC AND DRAMA.**  
"BROWN'S IN TOWN."  
The attraction at the Brainerd opera  
house tonight is the very funny farce  
comedy "Brown's in Town." Abel Pres-  
ton and his son Dick, are not of the  
same opinion concerning the subject of  
marriage. Abel contends that a man is  
infinitely better off in a state of single  
blessedness, while his son demonstrates  
his position by marrying. This action  
on the part of Dick means disinheri-  
tance and the situations and complica-  
tions that arise from the older Preston  
are too farcical for explanation. Brown is  
an assumed name and there are no less  
than three women figuring as Mrs.  
Brown. These complications arise from  
a call of the older Preston upon the  
scene of his son's honeymoon. Humorous  
situations are brought about by the  
son's anxiety to hide his marriage from  
his father. Its ingenious construction  
and witty dialogue together with the  
swiftness of its action bring many sur-  
prises. The music and songs incidental  
to the farce are all original and do not  
mar the action of the play. The com-  
pany includes such capable people as  
Charles Horn, George Welch, Perry  
Alexander, Frank Millard, Emanuel  
Ward, Edna Hick, Fannie Midge-  
ley, Elizabeth Lindell Whipples, Coralie  
Clifton and others.

**THE BURGLAR**  
Next Monday evening, April 4, the at-  
traction at the Brainerd opera house  
will be "The Burglar." The play is not  
at all melodramatic as many may infer  
from its title, but one of the prettiest  
comedy dramas ever written. It is by  
Augustus Thomas, who has given to the  
theatre-going public such virile plays as  
"Alabama," "In Missouri," "Arizona"  
and "The Earl of Pawtucket."

Mrs. H. Theviot invites the ladies of  
Brainerd to her millinery opening to-  
morrow afternoon. She has this year  
replenished her stock of fineries with  
great care, and she is positive that there  
will be a grander display to select from  
than ever before. The spring styles  
have been selected with great care and  
Mrs. Theviot says she took two trips  
east before she could decide positively.  
Ladies, please call tomorrow and look

**A PARENT'S GRATITUDE**  
Many a Mother in Brainerd will Appreciate the Following.  
Many a strong man and many a  
healthy woman has much for which to  
thank mother. The care taken during  
their childhood brought them past the  
danger point and made them healthy  
men and women. Children are gener-  
ally bothered at some period with in-  
continence of urine and inability to  
retain it is oft times called a habit. It is  
not the children's fault—the difficulty  
lies with the kidneys, and can be readily  
righted if taken in the proper way. A  
Brainerd mother shows you how.  
Chris Hanson, of 185 Oak street, says:  
"My little boy aged about 6 years was  
afflicted with kidney weakness. Like  
all such cases it was very troublesome  
at night. I gave Doan's Kidney Pills  
and he gave me no further evidence of  
the trouble. For this reason I give this  
remedy my endorsement."
